SUBJECT INDEX

The asterisk (*) indicates a feature article; the name of the author, in brackets, follows the entry. Books reviewed in the BOOK FORUM appear under that heading. The heading DEATHS follows all entries after the letter "D." In general, the subject heading authority is National Library of Medicine's Medical Subject Headings, 11th ed, January 1970, Part 2. The author index includes the title of the article under the main author; reference is made from joint authors. Reviewers of books in BOOK FORUM, authors of LETTERS, and the consultants in QUESTIONS AND ANSWERS are indexed in the author index.

Abbreviations

Words ending in -ology and -ologic are abbreviated as -ol. A compound word, the second part of which is capable of abbreviation, is itself abbreviated, as cardiopulm. for cardiopulmonary. States are abbreviated.
